Dermatology &
Laser Center

Our goal is to provide you with the very best care possible. Dr. Klein and Nancy Koehler are trained to diagnose and treat all skin conditions, including cosmetic concerns and skin cancer. Our registered nurses Barbara, Janet, and Julie and medical staff are also trained in multiple laser technologies.

Communication is critical in the proper diagnosis and treatment of any medical condition. That is why it is so important to choose a provider who you feel comfortable with, someone you can trust and easily talk to. Our physicians and staff understand your needs and strive to make your visit as comfortable as possible.

Technology makes the difference at OC Dermatology. It means that in addition to receiving treatment by one of the top Botox, Juvederm and Voluma injectors in the country, you have access to one of the largest laser centers in Southern California. Dr. Klein has created a center which includes the latest and safest devices, including 3 Fraxel lasers, Gentlelase, V Beam and Smoothbeam lasers, Photo Facial and even lasers that treat nail fungus. Skin tightening with Ultherapy and fat reduction with CoolSculpting and UltraShape are also available.

Lorrie Klein, M.D.

Our Medical Director and Founder, Dr. Lorrie Klein grew up in New Jersey. She attended Rutgers University, graduating Summa Cum Laude and she received her medical degree from Robert Wood Johnson (Rutgers) Medical School.

Dr. Klein completed her internship at Jefferson Medical College in Philadelphia and her residency training in Dermatology at the University of California-Irvine (UCI), where she won the Outstanding Resident Teacher of the Year Award. She has served as an Assistant Clinical Professor in Dermatology at UCI Medical School and has been a trainer for Botox, Juvederm, Radiesse and Artefill.

Dr. Klein's professional credentials include:

- Diplomate of the American Board of Dermatology
- Fellow of the American Academy of Dermatology
- Top 1% of physicians providing Botox, Juvederm, Voluma and Latisse nationwide
- Black Diamond and "Top 50" provider for Allergan
- Member of the National Association of Professional Women

Nancy Koehler, PA-C

Nancy is a Certified Physician Assistant who has specialized in dermatology and worked with Dr. Klein since 2002. She has a special interest in acne, rashes, moles and skin cancer. Nancy also performs treatments with our Fraxel lasers, VBeam laser and Smooth-Beam Laser and has been personally trained by Dr. Klein in her technique for Botox, Juvederm and Radiesse injections. Besides being a very skilled and talented specialist in dermatology, Nancy's wonderful sense of humor makes her patients' visits as enjoyable as they are medically beneficial.

Barbara Wade, R.N. Janet Pickett, R.N. Julie Turner, R.N.

Our experienced R.N.'s provide laser and cosmetic treatments that are both safe and effective.

Laser skin rejuvenation treatments at OC Dermatology are safe and effective for most skin types. Ask Dr. Klein or her staff about what's right for you.
